TECHNICAL SKILLS

Programming Languages: TypeScript (Advanced), Python Flask (Advanced), GO (Beginner)

Cloud Platform: Google Cloud, AWS, Cloudflare, Vercel

CI/CD: Google Cloud Run, Github Webhook

RELEVANT WORK EXPERIENCE

BUBU E-Scooter CO., LTD. | Founder & CEO | Taipei, Taiwan **JUL 2023 - JUL 2025**

✨ *Recipient of the 140th SiTi Startup Subsidy, Taipei City Government*

- Developed a LINE Bot server using TypeScript, Node.js, React, and Zustand for state management, integrating LINE APIs. Reduced overhead costs to less than NT\$20/month.
- Built a CI/CD pipeline on Google Compute Engine (Linux Debian) using GitHub Webhook and the Python Flask Web Framework.
- Designed and developed the company website, ridebubu.com, with React and TypeScript, deployed on Google Cloud Run.

TECHNICAL SIDE PROJECTS

Papa CMS

- Open-source CMS written in TypeScript and Node.js, utilizing NoSQL MongoDB, and integrating Email APIs. Built rich text editor with TipTap headless editor framework.

Papa Online Solution for SMBs

- Planned all-in-one online system for SMBs and startups, with database views (e.g. grid, kanban, form), accounting system, and e-commerce, built on Papa CMS (in progress).

LEADERSHIP EXPERIENCE

BUBU E-Scooter – CEO

- Managed system development and Taipei SiTi 1 Million Subsidy application using Asana.

NCCU EuroCamp 2022 – Chief Coordinator

- Organized and led a team of 40 to execute a successful event with 60 attendees.

LANGUAGES

Chinese Mandarin, Taiwanese Hokkien: Native speakers

English: Advanced (TOEIC 900 | 2023)

Spanish: Intermediate (DELE B1 | 2022)

French, Japanese: Beginner
